What fees will I pay? Description of Principal Fees and Costs. BWM is only compensated by advisory fees paid by our clients. Items 5.A & 5.B, Form ADV 2A. **1. Wealth Management** fees are calculated as an annual fee, invoiced semi-annually in advance. The fee is agreed upon at engagement and generally ranges from \$5000 to \$120,000 annually, depending upon the client's total net worth and the nature and complexity of services. Generally, when net worth exceeds \$50 million, the minimum annual fee is \$90,000, and determined at engagement. BWM's annual fee may be re-evaluated annually, based upon individual or special circumstances, scope or complexity of engagement or other factors at BWM's discretion. Since BWM's fees are based on net worth, BWM does not have the same conflict of interest associated with advisors that charge asset-based fees as our compensation is not impacted by additional assets deposited to managed account(s). BWM's fee may increase when a client's net worth increases. **2. Independent Manager Program.** BWM *does not receive additional compensation* in connection with assets managed by the designated Independent Manager(s). Items 4.B(4), & 10.D, Form ADV 2A. **3. Consultations.** Our hourly rate is \$250. Project fees are determined at engagement based on time and effort and/or the nature and complexity of services, based on our hourly rate. **4. General Ed. Workshops** may be complimentary. Services provided to companies or professional organizations may involve fees based on BWM's hourly consultation rate, the scope and complexity of the engagement, materials provided, time and effort, and other factors.

Description of Other Fees & Costs: Investors are responsible for third-party fees and taxes associated with financial and investing activities and these vary depending on services utilized, products purchased and sold, and other factors. Clients pay transaction fees and brokerage commissions to their brokerage firm(s), and fees associated with their accounts (e.g., transfer fees, termination costs, wire transfer fees, retirement plan and/or trust fees, deferred sales charges, odd lot differentials, etc.). Fees and expenses charged to shareholders of exchange-traded and mutual fund shares are exclusive of and in addition to BWM's fees. Please read prospectus and securities offering documents. BWM does *not* receive any portion of these investment-related fees. Item 5.C, Form ADV 2A. BWM's fees may be higher or lower than may otherwise be available through other advisory firms. **Additional Information:** *You will pay fees and costs whether you make or lose money on your investments.* Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.

Standard of Conduct. BWM is a fiduciary to each of its clients and is required to comply with the SEC's Regulation Best Interest. **When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts as they can affect the services we provide to you. Here are some examples to help you understand what that means: Examples of ways BWM Makes Money and Conflicts of Interest.** BWM is compensated via the annual and hourly fees paid by our clients. **We are likely to recommend our services** and during our relationship, we may recommend that you add funds to your managed portfolio, engage BWM for consultation services or projects, and utilize our preferred unaffiliated custodians with whom we have established a service relationship. However, BWM acknowledges its fiduciary duty to comply with the SEC's Regulation Best Interest and to provide advice and recommendations that are suitable based on data you have provided to BWM. Item 12, Form ADV, Part 2A. Because our fees are asset-based, you generally won't pay higher fees to BWM if you add more funds to your managed accounts as fees are based on total net worth and the scope, nature, and complexity of services. **Additional Information:** *BWM has an incentive to encourage clients to rely on us for continued or expanded services since our compensation may stay the same or increase over time.* **How do our financial professionals make money?** Our Investment Adviser Representatives earn a portion of the fees collected by BWM for their roles in assisting our clients. **Other business:** Beth Zilka is an independently licensed insurance agent and receives commissions from insurance companies when clients purchase insurance products from her. Items 4.B, 5.E & 10.C, Form ADV 2A and Ms. Zilka's ADV 2B Brochure. Our other Investment Adviser Representatives do not receive any economic benefit from any person, company, or organization, directly or indirectly, in exchange for providing services to BWM's clients.
